1. Welcome to AXA Cooperative Insurance Company

Please read this guide and the accompanying Table of Benefits before you or one of your dependants needs medical treatment. Then relax, acknowledge you have access to the best available healthcare service through AXA Cooperative Insurance Company.

Your company selected AXA Cooperative Insurance Company to manage your healthcare benefits. AXA is one of the world's most trusted healthcare benefits companies, providing superior coverage in more than 200 countries worldwide.

We have incorporated the Arabic word "Seha" into the name of our healthcare plans as a reflection of our commitment to helping you stay healthy. To that end, we will do everything possible to give you access to the best available care to support you and your family. As a member of an "AXA Seha" plan, you have the opportunity to benefit from our healthcare experience and our commitment to excellence.

This Membership Guide was created to provide you with an overview of your company's healthcare insurance plan with AXA. Please use it along with your personal Table of Benefits and Membership Card to understand various benefits available to you.

Your Membership Card

Membership Cards for you and your eligible insured dependants are important documents; please ensure that the information on these cards is accurately in line with your personal details.

Kindly note, prior to admission or receiving treatment you must identify yourself and your eligibility for treatment by showing your medical I.D. card together with a recognized official form of identification (such as a Passport or Iqama) to any network provider as evidence that you are an insured member of an AXA insurance policy.

3. The purpose of your coverage

“When my daughter broke her arm at school last winter, AXA network gave us access to a medical centre close to my home and I was able to sleep at night without worrying about hospital costs.”

What your health insurance cover is designed to do

As with all insurance policies your “Seha” healthcare plan is there to cover you for costs arising from an unforeseen event. For healthcare insurance this means the cost of eligible treatment resulting from an unexpected illness or accident.

You must take care of your own health and do not only rely on healthcare professionals to do this for you. When something unfortunate does affect your health we will do our best to help you but we must always act within the limits of your policy.

At the same time, it is important that all members realize that it is in everyone’s best interest to use the group healthcare plan sensibly and responsibly to keep future premiums affordable. The level of premium your company pays for group coverage is determined by the amount of claims paid under the plan. When the plan is used irresponsibly, premiums can go up unnecessarily, taking funds away from other Company/Employee initiatives.

4. Entitlement

Eligibility

All on-the-job employees shall be eligible from the date of commencement of the Policy.

Employees who later join the service of the policyholder shall be eligible from the date of joining the service or arrival to the Kingdom of Saudi Arabia.

- Spouses.
- Children – Minimum: from date of birth.
- Sons – Maximum: 25 years of age.

(Insurance coverage under this policy shall include the employee's unemployed daughters who are unmarried, widowed or divorced who are dependents of the employee)

Period Of Cover

The health plan is normally valid for a period of year unless agreed otherwise by us in writing. Effective and expiry dates of your plan are shown on your membership card and on your table of benefits.

Effective Date

Your coverage can start if you are eligible and if we have received from your company a written request for your enrollment in no later than ten days.

Your coverage can start from the following date:

- Effective date of the Health Plan
- Date when you first became eligible

Your company must notify us in writing about your enrolment.

In the event you are eligible and we have not received a written request for your enrolment from your company within 30 days, we reserve the right to request from you to fill and complete a Health Declaration Form and charge you an additional premium.

Expiry Date

Your coverage will cease at the earliest of the following dates:

- Expiry date of the Health Plan
- Cancellation date of the Health Plan
- Date when you cease to be eligible for inclusion in the Health Plan

In the event you stop being eligible during the period of cover your company must send us a written request for deletion immediately and you must return your membership cards to the company, including the ones of your dependants if applicable.

Please note that we will not accept a deletion date which is more than thirty days from the date we receive the written request for deletion.

If we find out that you are no longer eligible and that your company has failed to notify us about your deletion we will suspend your coverage.

Please note that the day you stop being eligible, your dependants automatically will cease to be eligible.

5. Your Coverage

6. Best use of benefits & how to claim

Where to receive treatment?

You can receive treatment anywhere you want within your area of cover. With AXA you are free to go anywhere.

However, your premium is calculated on the basis of usual and customary charges which are applicable within the designated network shown for your plan.

Whenever you receive a treatment within your network and that treatment falls within our agreement with the medical provider, we will pay you in full.

Whenever you receive a treatment outside your network, we might not pay you in full. The level of our reimbursement to you will depend on the charges made by the medical provider compared with the charges for the same treatment within your network.

Designated Network For In-Patient & Day Care Treatment

The in-patient network mentioned in your policy defines the network of medical providers which is available on a direct billing basis (if you are entitled to direct billing) and is also used to assess the level of usual and customary charges up to which we would pay in full (if you require in-patient & day care treatment)

In case of admission to the hospital, any member can have access to any hospital of his designated Network.

When you receive treatment within the in-patient network shown, and providing your treatment has been pre-approved

by AXA in writing, the level of charges incurred will fall within the usual and customary charges and therefore all eligible charges would be payable in full.

Designated Network For Out-Patient Treatment

The out-patient network mentioned in your policy defines the network of medical providers which is available on a direct billing basis (if you are entitled to direct billing) and is also used to assess the level of usual and customary charges up to which we would pay in full (if you require out-patient treatment)

When you receive treatment within the out-patient network shown, and providing you have identified yourself with your membership card your treatment has been pre-approved by AXA in writing whenever necessary, the level of charges incurred

Will fall within the usual and customary charges and therefore all eligible charges would be payable in full.

Outside Your Designated Network

Outside the network shown in your plan, whether for in-patient or out-patient treatment, we will reimburse up to the usual and customary level defined by the network shown for your plan.

If the charges incurred at a medical provider outside your designated network are lower than the usual and customary cost within your designated network, we will reimburse you in full (subject to prior approval).

On the contrary, when charges incurred at medical provider outside your designated network are higher than the usual and customary level within your designated network, you will have to pay the difference in addition to any deductible applicable to your out-patient treatment.

If you wish to receive a treatment outside your designated network, you should contact us prior to receiving treatment to confirm your level of cover and to minimize your out-of-pocket contribution.

Direct Billing Versus Reimbursement

Within your designated network shown in your plan and if allowed by your policy terms and conditions you can receive treatment on a direct billing basis.

Direct billing corresponds to the direct payment by us to the medical provider for your eligible medical expenses. You will only have to pay the medical provider your deductible and uncovered expenses, if any. In order to make the direct billing process simple and efficient, we have provided all providers included in our network with clear general guidelines. Therefore, it might happen that a medical provider refuses to facilitate direct billing for treatment generally not covered for the majority of our plans. If such an event occurs, you are welcome to refer to the reimbursement claim procedure and to claim for this treatment on a reimbursement basis.

Outside the network shown for your plan, you can receive treatment, pay for the cost upfront and then claim the paid amount for reimbursement. This is what we refer to as reimbursement.

Reimbursement Claim Procedure

Every time you visit a doctor on a reimbursement basis, please ensure you take the reimbursement claim form with you.

A completed claim form is the only way to have your claim settled promptly.

The doctor must complete the medical sections of the claim form before signing, stamping and dating it.

You should complete the other administrative sections wherever applicable.

You need to attach the original invoice supported by the original prescription. Copies will not be accepted.

If you have requested a prior approval, you should attach a copy of this approval to facilitate the processing of your claims. You must sign and date the claim form.

Your claim will be assessed and processed within 15 days from the receipt of the completed claim file.

7. Prior Approval

Why do we require prior approval?

The reason that we require prior approval of planned treatment is to protect you from unexpected costs. When issuing confirmation of cover in this way, we confirm the following:

- The planned treatment is eligible under your policy
- The planned treatment is medically necessary
- The planned treatment is within reasonable and customary costs
- The planned treatment cost falls within the remaining benefit limit of your plan

Prior Approval For Treatment On A Reimbursement Basis

Our written prior approval is required for the following:

- All non-emergency in-patient treatment prior to admission
- Diagnostic procedures which might cost more than SAR 1,000 in aggregate per visit
- MRI, CT Scan, Endoscopies, Gastroscopies or Colonoscopies
- Surgical procedures received on an out-patient basis

Prior Approval For Treatment On A Direct Billing Basis

Our written prior approval is required for the following:

- All non-emergency in-patient treatment prior to admission

- Diagnostic procedures which might cost more than SAR 1,000 in aggregate per visit
- MRI, CT Scan, Endoscopies, Gastroscopies or Colonoscopies
- Surgical procedures received on an out-patient basis
- Physiotherapy treatment
- 1st prenatal visit in a given medical provider when pregnancy is covered
- Delivery when pregnancy is covered
- Dental care
- Optical care

What if you do not seek prior approval?

If you do not ask for prior approval when recommended we will not pay for your treatment in full.

However, requesting a prior approval does not guarantee that your treatment will be paid in full. The main purpose of prior approvals is for you to be aware in advance whether the treatment and its associated costs are covered under your policy.

How long does it take to obtain a prior approval?

Our medical department will respond to the request as soon as possible and within 15 minutes of the receipt of the request.

Emergency Treatment Requiring Hospitalization

In case of an emergency you should use the nearest medical provider.

If the medical provider is inside your designated network you will be taken care of immediately and the medical provider will notify us as soon as possible.

If the medical provider is outside your designated network you, or someone around you must advise us as soon as possible. We will then liaise with you and the medical provider and confirm to you the amount we will cover.

In case of an emergency we would not expect from you to contact us before receiving treatment. However please ask someone to contact us as soon as possible so that we are made aware of your case.

8. To Summarize

In case of emergency hospitalization:

“Contact us or have someone contact us as soon as possible”

For out-patient treatment:

“Check your designated network and preferably visit a medical provider that is included in your network”

Before going for treatment:

“Take a reimbursement claim form”

Before receiving treatment on a reimbursement basis, ask yourself:

“Do I need a prior approval?”
If you do not know, reread this guide and/or contact us by phone on:
+966 1 478 0282

After receiving treatment, ask yourself:

“Do I have all the required documents and information to make a claim?” See “Section 5.6: Reimbursement claim procedure: for claim details.
